Kathy-

Attached is a request for talking points that mentions 404 assumption specifically. Let me know if this makes sense and provide any appropriate talking points. I see this also mentions including an example letter from Minnesota re issues raised by states.

Let's touch base when you get a chance today.

Thanks!

Ruth

Subject: **Reminder - TPs and updates due this week**

Hi Folks,

Caroline will be sending out her usual request, but I did want to note that John and Sandra have their weekly meeting with Mike/Benita/Lee on Thursday morning so we owe Caroline anything for the agenda **by noon Wednesday**. Cathy and I have placed a couple things on with associated TPs. Can you please provide anything else that you think is timely/appropriate to raise Thursday? Any decisions needed? Anything needing a conversation (rather than just being raised at staff meeting)?

No biweekly with John and Sandra this week or Mike/Sarah/Lee.

Thanks!
